ECRETARY OF THE TREASURY wen notice of any intention to withdraw ar Loan from Sale at Par. and until ten te is given, the undersigned, as "GENER. CRIPTION AGENT," will continue to

ly the public, io whole amount of the Loan sutherised is Five dred Millions of Bollars. NEARLY FOUR SDRED MILLIONS HAVE BEEN ALEXADY SSCRIBED FOR AND PAID INTO THE SECRET SERVER SERVER MONTHS. y short paths, absorb the balance. Sales have by ranged from ten to fifteen millions weeklys mantly exceeding three millions daily, and a, well known that the Secretary of the Treasury ample and unfailing resources in the Duties on parts and internal Revenues, and in the issue of interest bearing Legal Tender Treasury hotes, a almost a certainty that he will not find it necessary, for a long time to come, to seek a market for other long or permanent Loans, THE INTER-PAYA-BING GOLD.

Prudence and self interest must force the minds of these contemplating the formation of National Banking Associations, as well as the minds of all who have idle money on their hands, to the prempt conclusion that they should lose no time in subscribing to this most popular Loan. It will soon be beyond their reach, and advance to a handsome premium, as was the result with the "Seven Thirty" Loan, when it was all sold and could no longer be subscribed for at par. ibscribed for at par.
IT IS A SIX PER CENT LOAN, THE IN-

REST AND PRINCIPAL PAYABLE IN COIN, BUS TIELDING OVER NINE PER CENT. PER ANNUM at the present rate of premium on coin.

The Government requires all duties on imports to be paid in Coin; these duties have for a long time past amounted to over a Quarter of a Million of Dollars daily, a sum nearly three times groster than that required in the payment of the interest on all the 5-20's and other permanent Loans. Se that it is knowed that the surplus Coin in the Treammry, at no distant day, will enable the United States to resume specie payments upon all liabilities.

The Loan is called 5-20 from the fact that whilst a Bonds may run for 20 years yet the Government has a right to pay them off in Gold at par, at y time after a year.

ment has a right to pay them off in Gold at par, at any time after a year.

THE INTEREST IS PAID HALF-YEARLY, viz: on the first day of November and May.

Subscribers can have Coupon Ponds, which are payable to bearer, and \$50, \$100, \$500, and \$1000; or Registered Bonds of same denominations, and in addition, \$5000 and \$10,000, For Banking purposes and for investments of Trust-monies the Hegistered Bonds are prefarable.

These 5-20's cannot be taxed by States, cities, towns or counties, and the Government tax on them is only one and a half per cent., on the am't of income, when the income of the holder exceeds Six Hundred dollars per annum; all other investments, such as indome from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent tax on the income.

Banks and Bankers throughout the Country will continue to dispose of the Bonds; and all orders by mail, or otherwise promptly attended to.

The inconvenience of a few days' delay in the delivery of the Bonds is unavoidable, the demi ad being so great; but as interest commences from the day of subscription, no loss is occasioned, and every effort is being made to diminish the delay:

tive, and requesting my certificate to the fact if I no objection to it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair is anburn, and inclined to curl. Some five or hair is anburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibilty and drandruff to form upon it. Each of these disagrecabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to ma'e me hald.

off the top of my head and threatening to ma e me bald.

In this unpleasant predicament, I was induce to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was however, gestly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceas d to form on my head, very much to the gratification of my wife at whose solicitation I was induced to try it.

For this, among many other obligations I owe to her sex. I strongly recommed all husbands who value the admiration of their wives to profit by my example, and use i. If growing gary or growing example, and use i. if growing gary or growing bald.
